Andrew SWINFIELD APSEM/b EFIAP/s EPSA PSQA

I'm an enthusiastic photographer interested in a diverse range of photographic genres. I began my digital photography journey in 2018 when I joined the Gold Coast Photographic Society (GCPS) following retirement. Since then, I have become drawn to Portraiture, Sports, Photojournalism, Street & Creative photography.

I regularly participate in national and international competitions to hone my skills and have attained the Australian Photographic Society Exhibition Medal Bronze (APSEM/b), FIAP Distinction EFIAP/s and Photographic Society of America (PSA) EPSA.

In 2020 I joined the GCPS Committee and served as President between August 2022 to November 2023. In 2025 I retired from the Committee after 5 yrs but continue to assist where needed. I provide presentations on a variety of topics for the club and occasionally lead portrait workshops to support members' development.

I have been a member of the Australian Photographic Society (APS) since 2019, contributing to the planning of the first National Meetup in 2022 in Toowoomba. I have since assisted with National Meetups in 2023 in Broken Hill and 2024 in Launceston. 2022-2024 I held the position of Junior Vice President.

Since 2019, I've been a volunteer photographer for UNISPORT. I have managed teams of photographers to ensure coverage of the wide range of sports during their Nationals in 2021, 2023, 2025 and Athletics in 2026.

Between April 2022 and Nov 2025, I captured images for Australian Taekwondo covering their major National events.

My work has been featured in various social media platforms, publications, and Australian Photography Magazine, and even contributed to Australian Taekwondo's bid for inclusion in the Commonwealth Games.

In May 2025 an article I wrote on Sports Photography was featured in the Australian Photographic Society eNews
