PSQ BBQ -16th November 2019

Oyster Park, Cleveland

Article by Bob Britcher. Images from PSQ Facebook page

A great annual PSQ BBQ Event was organised in the Toondah Region of Cleveland .

That and a variety of Photographic Opportunities drew enthusiasts from far and wide ... 80 odd people registered an interest in being there, and by the time I signed the attendance book 60 odd people had already signed in.

Tutoring and Practical opportunities abounded, some of which is illustrated by some of the photos I captured.

The last to leave were some of the Organising Management Committee that had stayed back till 4.30pm to cleanup.

Some of the Practical aspects I was able to participate in involved dogs chasing Frisbees organised by Tina Dial, Macro/Closeup Studies such as a Golden Orbweaver with a Moth, and the challenging attempt at capturing Terns and such on the wing. The dexterity of the Terns as they skimmed the ground catching Shrimp or such was impressive to watch.

Affiliated Members who missed out, can plan for another event next year ... Cheers.

PSQ Judges Forum - 17th November 2019

Chermside Library

Article by Bob Britcher. Images from Bob Britcher and PSQ Facebook page

This time of the year is the beginning of the EOY Dos by most of the Photographic Associations.

It usually begins with Judgings of the Awards and the Dinners & Parties naturally follow. The Parties often start with the PSQ BBQ on a November Saturday and a PSQ Judges Forum on the next day.

The day started with a bit of a Glitch with the venues IT System which held things up for a while but a change to another Conference Room at the Chermside Library soon solved that.

Presentations by the MC Ralph Brown and very experienced Judge Warren Veivers was soon followed by the first of the Forums 2 Keynote Speakers. A Professor of Education from Newcastle, Dr Roy Killen GMPSA made an excellent Presentation on the intricacies that the changes to the International Definition for Nature has brought to our attention.

Following a break for Lunch and a Group Photo another great Presentation by Mel Anderson on Creative & Artistic Photography was followed after smoko by the usual Round Circle Forum among the Judges during which Understudy Judge Gerry Gibson received his Certificate of Accreditation to the PSQ Judging Panel before President Sue Gordon closed the meeting at 3.30pm.

Brisbane Camera Group

Looking to join a new club in the Brisbane area?

You might want to consider looking at Brisbane Camera Group!

Brisbane Camera Group offers two levels of membership.

- | | |
|------------------------|--|
| Full Membership - | Full competing membership similar to other clubs |
| Affiliate Membership - | Non competing membership with access to all Special Interest Groups and discounted workshops |

BCG have a certain percent of membership from other clubs and have had for many years.

Allowing people the opportunity to join BCG as an affiliate affords them the opportunity to participate in all our various SIG's such as street, video, as well as exhibitions and all club workshops at the member prices. If they wish to participate in the BCG Monthly and Annual competitions they will need to upgrade to a full BCG Membership.

BCG Spokesperson says "I personally see this extension as a welcoming gesture to join our club for what we offer".

Being a signed up Affiliate Member also protects the person in the unlikely event of something untoward occurring at a BCG outing or workshop with the club's associated insurance.

The fees are as follows -

- | | |
|-------------------------------|---|
| Affiliate Member with badge - | \$30 annual fee plus \$15 once off badge. |
| Full membership - | \$50 as full competing member plus \$15 once off badge. |

Any one wishing to join at this time of the year will cover their membership for 2020.

MACKAY PHOTOGRAPHY CONVENTION
OPENING NIGHT MAY 1ST TO 4TH 2020
psq2020mackay@gmail.com

Glenn Mckimmin

Glenn Mckimmin is a professional landscape photographer from Australia with 15 years of diverse industry experience. He loves what he does for a living and generously helps others discover the life-changing benefits of photography.

Glenn and his camera have captured awe-inspiring images across a spectrum of countries whilst Australian coastal and alpine scenes underpin his portfolio. The accomplishments extend beyond a stunning suite of images – Glenn manages several pioneering businesses within the photographic industry, all geared toward appreciating the dynamic art of photography.

He's Director of Created for Life, a specialist printing and framing lab. He's also Founding Director of Fotoworkshops, an Aussie-based luxury photo tour company he launched in 2008. In 2018, Glenn founded Aperture Australia, the country's first, (and the hemisphere's largest) immersive photography conference.

As a proud Fuji X Ambassador and Chromajet Ambassador, Glenn is focused on building a colourful legacy. His actions illustrate a commitment to sharing knowledge of the craft with others, rather than simply collecting trophies for the shelf.

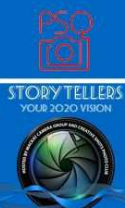

Originally from Manly, Sydney, Glenn now calls the beautiful Central Coast home. Based in the beachside suburb of Terrigal, he finds daily inspiration on his doorstep... plus many opportunities to play soccer with his awesome son, Xavier! But his work is also motivated by a family tragedy – losing his sister to suicide. To fathom a world without Cherie, Glenn learnt to feel his way day by day from behind the lens. Today, Glenn considers his finest work a tribute to her beauty and the unimaginable power of the medium to create a connection where it may otherwise be lost.

Damian Walls

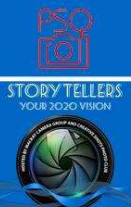

Damian developed a love for photography in 2009 while traveling around Mackay region and taking in its beautiful scenery. While he mainly focuses on Portrait Photography, Damian is also an avid landscape photographer and has a handful of his images on display in businesses around Mackay. He has also taken out the Mackay Show 2018 Champion Colour Print and Creative Shots Photo Club Inc. Highest Overall Points Winner 2017 and 2018.

Having spent more than 7 years working as digital print technician with a local picture framing company, Damian has learnt a lot about getting the most out of images in Photoshop and Lightroom. He has hosted several workshops for both Creative Shots Photo Club Inc. and Mackay Camera Group Inc. over the past 3 years on Lightroom, Photoshop, Photo Printing, Composition, Night photography and Photography Basics.

WELL HELLO THERE

I'm Diana

My love for animals goes without saying. And I hope my love for art is apparent too. But you know what else I love? I love people. I feel that it's an honor and a privilege to get to work with so many kind and loving pet owners, such as yourself.

If you had asked me when I was younger if I thought I'd be a dog photographer one day I'd have thought you were a bit batty, but now I can't imagine doing anything else.

Photographing animals and the people who love them fill my heart and soul every day.

I am looking forward to sharing my passion with you.

10 Random Facts

I love coffee. Can't start my day without it!

My fave interior designs are mid century modern but I also love contemporary and industrial.

I wanted to be a nurse or a vet growing up. The job I have now is close to the second one, only way better!

I was a legal pa for over 20 years.

My most endearing habit is I love to chat. (Call me!)

I get to hang out with my dogs at home all day and feel so lucky because of it.

I'm an empath. When you lose your pets, I feel it too. My fave food is anything high in calories LOL but that's a treat.

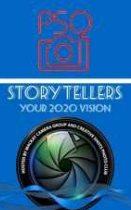

I love watching TLC shows like Handmaids Tale, Outlander, and Heartland, and I also love romantic comedies.

I am all about health and fitness and I train every day.

MACKAY PHOTOGRAPHY CONVENTION
OPENING NIGHT MAY 1ST TO 4TH 2020
psq2020mackay@gmail.com

David Magro

David Magro is an Australian photographer specialising in capturing the night sky. His interest in night photography first began growing up in Glen Innes watching meteor showers, eclipses and the stars from his backyard. Years later, David would begin photographing the night sky and creatively produce landscape photographs blending art with science.

David's dedication has awarded him the 2019 2nd place Australian Aperture Emerging Photographer of the Year, 2018 Australian Ambassador for SanDisk and WD and the 2017 Exposure Photographer of the Year. David's work has been published by the BBC, The Australian and many other publications.

In 2017, David was awarded the Exposure Photographer of the Year for his photograph "Field of Stars". His photograph is publicly displayed as a mural on Wyong Road, Central Coast. In addition, it is currently on display at Erina and Gosford library.

A dedication to showcasing science and art, David has exhibited at The KAB Gallery, The SPACE Gallery, Deluxe Prints, The Art House and many other locations.

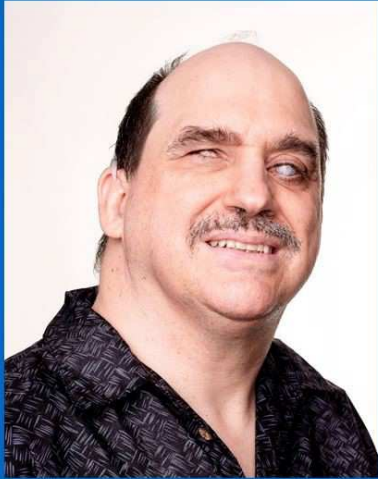

David's philosophy is to enjoy the stars. He does this by providing awareness to the night sky and encouraging others to take time to enjoy the stars. It is a creative challenge David continues to pursue by creating visually surreal scenes with long exposure photography.

David's background in science and science teaching has motivated him to teach photographers and hobbyists his technical and unique editing skills. David has presented at schools, photography clubs, events and he has developed The Masterclass which he has travelled around Australia teaching with astounding results.

The Masterclass was developed to teach everything about photography and editing the night sky with in-field guidance, take-home guides and hours of online tutorials. It provides clear instructions on how to create photographs easily. A Masterclass Facebook support group also provides critique and help with continually updated content.

David is a science and technology enthusiast, a friend, traveller and he enjoys pancakes on a Sunday.

Brenden Borellini

Brenden Borellini has been an inclusive arts advocate and creator with Crossroad Arts for 9 years. He has worked across various projects as an actor, workshop facilitator, photographer and researcher.

As Crossroad Arts' Ambassador and Artist in Residence, he has also travelled to Japan and the United States where he exhibited his 2D and 3D photographic works. Furthermore, Brenden collaborated in the creation of a film called When Brenden met Hiroe, which was shortlisted at the SuperFest International Film Festival in San Francisco.

Brenden was born profoundly deaf and lost his sight at age 9, and has had to overcome many difficulties throughout his life.

He successfully pursued his education at the Special Education Unit for the visually impaired students at Cavendish Road High school in Brisbane and went on to become the first deafblind student to integrate into the community. He then studied Sociology at the University of Queensland. Brenden received the prestigious 'Young Australian of the Year Award' for his incredible achievements.

Brenden hopes to pursue his talents by continuing his artistic and cultural endeavours in collaboration with the community. He believes everyone should have the opportunity to express themselves through the arts and share their stories with the world. He says he has been afforded many opportunities by opening up his artistic works to the world, and believes everyone is able to learn about the value of artistic and cultural purposes.

Jacqueline Hammer

Jacqueline Hammer is a passionate creative photographer living in Cairns.

A busy mother of four, photography has had to fit around family life.

Starting out in nature photography, she moved on to abstract, creative and conceptual photoart.

Her learning path has been one of experimentation with techniques and ideas, primarily for enjoyment, photographic competition and self-improvement.

She has had success in numerous national and international competitions, gained distinctions with the Australian Photographic Society and FIAP, been published in photography and art magazines, given talks, workshops, and judged at local and national level.

Jacqueline has a passion to create, whether it be a tabletop still life, macro abstract or a conceptual composite in Photoshop.

There is often an element of mystery and intrigue, when the viewer tries to work out what or where the subject is, or perhaps a touch of humour to make the viewer smile.

SEQ 2020 Competition

This is an early reminder of the 2020 Salon of Excellence Photo Competition and an invitation to all members of PSQ Affiliated Clubs to participate.

The competition will open in early 2020, with the closing date on Sunday 29th March (TBC). All entries will be via the MyPhotoClub website as they were last year.

Winners will be announced at the PSQ Convention at Mackay from 1st to 4th May.

Entries fees will be \$10 for the first section, then \$3 for each additional section.

Subjects will be the same as last year: Open Colour, Open Mono, People (Colour or Mono), Nature and Social Documentary (Colour or Mono).

There is both Print and Digital Competitions, and there will be separate competitions for both A and Non A grade competitors.

This is an excellent opportunity for all members to participate in a Queensland wide competition, especially if you are a non A grade member, and to test your skills beyond your own Club competition.

Entries for the Australian Interstate Competition will be chosen from the SEQ participants, with the prospect of competing in an Australia wide competition.

It is also a chance for Clubs to compete against one another with Trophy awards for both the highest aggregate score, and to encourage smaller clubs - the highest average score.

The Gympie Camera Club will be hosting the judging of the competition on the 4th of April, as well as organising the event.

We look forward to receiving many entries and to a good healthy competition between the Queensland Clubs.

Go check out the PSQ website... lots of info there!
