

## **Fran McFADZEN** PPSA, AFIAP, FAPS, PSQA

During my working life, photography was my hobby: documenting family, holidays, and travel. My serious interest increased when I retired, and I soon found myself helping others achieve their photographic goals. I continue to be very much committed to helping others on their photographic journey.

As a resident of Yeppoon, I am a member of the Keppel Coast Camera Club, and President of the Rockhampton Photography Club. At a state level, I am an Accredited Judge, webmaster for the PSQ and a member of the PSQ committee.

I have competed in international and national photography competitions, collecting more than 500 acceptances and awards. I highly recommend entering these competitions – it has honed my photography skills and given me a lot of incentive to improve my skills further.

If you would like me to mentor you into competition involvement – please contact me – I'd love to help you get started.

My cameras are Nikon, and my photographic interests are diverse. They include scapes, people, fauna, flora, you name it. I am an enthusiastic user of Photoshop and I gladly dedicate much of my time to its creative use and to explore photography as 'art'. My work been featured in Australian photographic publications.
