

**Phillipa FREDERIKSEN** EFIAP, MAPS, CAPSB, SSAPS, PSQA

I became interested in Photography after I retired. I have always been interested in creating images from my photos and now unofficially call myself a "photographic artist".

I am not doing much judging now as my eyes find it very difficult to cope with the light behind the images on a screen, even my computer screen.

I DO enjoy giving talks about creative photography and phone photography though between September 2017 and 2018 I will be very busy with APSCON 2018 so will not be accepting any more extra curricular activities till after that.

Although I sold all my camera equipment when I became interested in creative phone imagery I have gone back to a camera again.
