

Tina DIAL EFIAP/g, APSEM, SAPS, PSQA

I am a member of the Ipswich Photographic Society, (since 2006) and the Australian Photographic Society. I am involved with the honours process for both APS and FIAP as a verifying officer and a mentor.

I love photographing birds, and another strong interest is dog sports (anything action really). Recently I have been doing a lot more landscapes/seascapes as I travel more, especially slow shutter speeds.

I am competent on most genres of photography, and judge at club, national and international levels.
